## Shodoshima Area Map

Nakayama Senmaida

Angel Road

"Shodoshima (Shodo Island)" is  
an olive island with the attractiveness of four seasons.

A superb view created by nature for all four seasons, specialties such as olive oil and soy sauce based on traditional culture and a backdrop of a film which is reminiscent of old times. Such attractiveness of Shodoshima which is referred to as a "place where visitors would like to return many times," is hard to express in words.

Fully enjoy the exotic island by breathing the fresh breeze in the Setouchi region.
