Architect Taira Nishizawa transformed “Pachinko 999 (Three Nine),” a former amusement arcade enjoyed by residents of the island, along with an adjoining park, into a new space where visitors and local people can get together. It’s utilized for exhibitions, workshops and as a location for talk events.

“Another island” increased newly at Naoshima Islands.

Miyanoura **Naoshima Pavilion** [C-4]

A work by architect Sou Fujimoto. It was born as the 28th island at Naoshima Islands consisting of 27 islands. It is the work which can feel nature and scenery of Naoshima as art. It is comprised of approximately 250 pieces of stainless steel net and you can enter inside of it. The built space such as the small art museum meets the guests, and is the open art space where the residents of the island drop in.

Art facilities at Benesse Art Site Naoshima may be closed during typhoons or in other adverse conditions.

About Benesse art site Naoshima

Photo: Naoya Hatakeyama

“Benesse Art Site Naoshima” is the collective name for all art-related activities conducted by Benesse Holdings, Inc. and Fukutake Foundation on the islands of Naoshima and Teshima in Kagawa Prefecture and on Inujima island in Okayama Prefecture.

Our fundamental aim is to create significant spaces by bringing contemporary art and architecture in resonance with the pristine nature of the Seto Inland Sea, a landscape with a rich cultural and historical fabric.

Through contacts with art and nature, sceneries and inhabitants of the Seto Inland Sea region, we seek to inspire visitors to reflect on the meaning of Benesse’s motto - Well-Being.
